Welcome Marcians !

St Marks High School

Archie Jenner was concerned today when he learnt through an article in the Times of Swaziland that St Marks High school has as many needs as the Primary School.

We are currently waiting for permission from the Times of Swaziland to reprint the full article on our website.

The article ended with wise words from the Principal, Dominic Nxumalo: *"We therefore look forward with great hope and enthusiasm to working well with all our ex-students, parents and general public to realise our dream."*

We all have work to do !!

Updates

Sorry Marcians but the weather has been absolutely fantastic here in grey, dull England so I have been out and about frolicking in the sunshine instead of doing my HOMEWORK. I will get around to uploading new webpages from today onwards so please check daily although the home page will only change on the 18th September.

28 Stories of AIDS in Africa

Walked into our local newsagent a few days ago and purchased the above book written by Stephanie Nolen.

Really worthwhile reading and it brings you close to home again and why we are raising funds.

Stehanie has spent the last six years researching and covering the story of the AIDS pandemic in Africa. When I first noticed the book I thought 'yeah and I wonder if Swaziland is included' and to my amazement there are two stories from Swaziland.

It was extremely heartwarming to read the stories of Mfanimpela Thlabatse and Sipiwe Hlophe.

To find out more about the book or to purchase a copy visit: www.28stories.com

Our Members Area

We're a third of the way there and still on deadline. You are welcome to play around with the registration form.

When registering please check your SPAM folder to see if your password has been emailed to you but received as SPAM.

We are working on this and hope that by the time we 'go live' at the end of this month password emails will be emailed direct to your email box.

Any comments and ideas welcome.
